

Student Name	Enterprise ID	SAP Certification	Final Grade	Status	Rank	Case Study Panelists' Remarks
jennyllyn.carbonell	Carbonell, Jennyllyn	SAP Certified - SAP Generative AI Developer SAP Certified - Back-end Developer (ABAP Cloud)	89.70	Completer	1	Resource received very positive feedback overall. She delivered a well-structured presentation and showed strong collaboration with teammates. She demonstrated good understanding by explaining her code and answering questions effectively.
adonaihah.evasco	Evasco, Adonaihah T.	SAP Certified - SAP Generative AI Developer	82.30	Completer	2	Resource had strong presentation skills but needs further refinement and polishing of SAP ABAP concepts.
jeanel.kaye.wakat	Wakat, Jeanel Kaye A.		81.85	Completer	3	Resource delivered a strong presentation and produced clean and well-structured code. She answered questions effectively and was transparent about areas where further learning was needed.
jonathan.aveo	Aveo, Jonathan	SAP Certified - SAP Generative AI Developer	75.40	Completer	4	Resource showed a solid understanding of SAP ABAP Concepts. He demonstrated good collaboration and can benefit from additional guidance and further exposure to different ABAP objects.
grace.ronelle.galvan	Galvan, Grace Ronelle M.	SAP Certified - SAP Generative AI Developer SAP Certified - Back-end Developer (ABAP Cloud)	75.15	Completer	5	Resource delivered an excellent presentation and answered questions to the best of her ability. She can be seen as someone who could become a valuable team member with additional exposure and learning. Additional ABAP upskilling and practical experience were recommended due to identified technical gaps and concerns regarding AI reliance.
gabriel.angelo.ramos	Ramos, Gabriel Angelo S.	SAP Certified - SAP Generative AI Developer	72.75	Completer	6	Resource showed good demonstration of knowledge of SAP ABAP concepts. He had good collaboration with his team members and can be considered as a capable developer.
alethes.k.buri	Buri, Alethes Kristine	SAP Certified - SAP Generative AI Developer	71.70	Non-Completer	7	Resource showed potential and can improve with proper guidance, support and coaching.
julz.krystian.ocampo	Ocampo, Julz Krystian Y.		71.70	Non-Completer	7	Resource delivered a strong presentation and code quality was generally good, though improvements can be seen. He answered several questions well and was honest about topics where knowledge was still being developed.
cadhla.zaira.k.cruz	Cruz, Cadhla Zaira Kalea A.	SAP Certified - SAP Generative AI Developer	71.20	Non-Completer	9	The assessment suggested significant reliance on AI-assisted content, which made it difficult to accurately assess the trainee's independent technical capabilities.
john.m.atet.eng	Atet-eng, John Michael F.		69.20	Non-Completer	10	The assessment suggested significant reliance on AI-assisted content, which made it difficult to accurately assess the trainee's independent technical capabilities.
erwin.gaspay.jr	Gaspay Jr., Erwin		63.80	Non-Completer	11	Resource was able to answer questions raised by the panelists without reasercing the question first. He clearly uses AI to generate the program - which represents knowledge gaps.
ibrahim.mapile	Mapile, Ibrahim A.	SAP Certified - Positioning SAP Business AI Platform	62.40	Non-Completer	12	Resource showed gaps in basic SAP ABAP concepts.
noel.gaddi	Gaddi, Noel J.	SAP Certified - SAP Generative AI Developer	60.75	Non-Completer	13	The assessment suggested significant reliance on AI-assisted content, which made it difficult to accurately assess the trainee's independent technical capabilities.
mark.vincent.rodulfa	Rodulfa, Mark Vincent L.	SAP Certified - SAP Generative AI Developer	60.70	Non-Completer	14	Resource showed gaps in the understanding of SAP ABAP fundamentals and implementation knowledge.
c.de.vera	De Vera, Christian Ivan A.		52.75	Non-Completer	15	Resource had difficulty explaining the code logic and appeared to lack confidence. He also seemed to rely on reading the presentation rather than demonstrating familiarity with the solution.
ian.mendoza	Mendoza Ian D.		51.35	Non-Completer	16	Resource showed limited understand of code implementation that appears to be AI-generated.
lorenz.rapatalo	Rapatalo, Lorenz S.		50.55	Non-Completer	17	Resource was not able to complete the program given the extent of time given for the Case Study. He was not able to answer the questions asked by the panelists.
sophia.r.pangilinan	Pangilinan, Sophia Rubie C.		43.40	Non-Completer	18	Resource acknowledged heavy realiance on AI during development. She was not able to answer the questions raised by the panelists.
zarah.godio	Godio, Zarah B.		31.80	Non-Completer	19	Resource had a medical emergency and was not able to join to presentation.
